A little about me

Hi I'm Chaya Nguyen, a wedding florist in the DMV area with over ten years of experience. I create custom floral designs that make your special day even more beautiful. My goal is to bring your wedding vision to life with flowers that reflect your style and love story. Let's make your day unforgettable!

Dreaming of the Perfect Floral Wedding

Let us help make your vision a reality with our personalized wedding flower consultation process at Chaya Floral.

Here's how we do it:

1. *Initial Consultation:* Let's Chat! Schedule a free consultation where we'll discuss your wedding theme, color palette, and your floral dreams. Whether you envision a romantic rose bouquet or a vibrant wildflower arrangement, we're here to listen.
2. *Custom Proposal:* After our chat, we'll craft a detailed proposal tailored just for you, complete with design concepts, flower selections, and pricing that fits your budget.
3. *Venue Walkthrough:* We'll visit your wedding and reception venues together to ensure the floral arrangements harmonize perfectly with the space. This step helps us refine the details and make any necessary adjustments to the design.
4. *Sample Creation:* See your flowers before the big day! We provide a sample of your bouquet or centerpiece to ensure everything is just as you imagined.
5. *Day-of Coordination:* On your wedding day, our team will be on hand to deliver and set up all floral arrangements, ensuring every petal is in place and every bouquet is picture-perfect.
